Subject: Gobers LLC Correspondence

Gentlemen,

Please be advised that the Coeur d'Alene Tribe strongly disapproves of the activities that have taken place on the Gobers, LLC site and has instructed my office to employ any and all available means to prevent further sewage disposal activities at the site. The attached correspondence was transmitted to Mr. Johnson via email earlier today with hard copy to follow. The Tribe appreciates the relationship our staff has with your agencies and hopes to continue working closely with each of you as this issue progresses. The Tribe is confident in its ability to exercise jurisdiction over the Gobers activities given their effects on health and safety, and we will certainly keep you informed as much as possible as to the progress of this enforcement action. We would also appreciate any thoughts or concerns you have, bearing in mind the clear directive that has been issued by the Tribal Council. Thank you.
